

Supplemental Amendment under 37 C.F.R. §1.111
U.S. Appln. No. 09/665,658

REMARKS

This Amendment is supplemental to the Amendment under 37 C.F.R. § 1.111 filed on October 28, 2004.

Applicant is submitting herewith 13 sheets of replacement drawings intended to replace the drawings originally filed on September 20, 2000. Applicant is canceling FIGS. 7 and 12B since no better versions of the data set forth in these figures is available. Additionally, Applicant has separated FIGS. 1B and 1C onto a separate sheet from FIG. 1A. Applicant has also amended the specification accordingly.

Applicant has amended the specification canceling all reference to FIG. 6B, since it was not included with the application. The data provided in FIG. 6B is not necessary for 35 U.S.C. § 112 purposes as the data in original FIG. 6A provides support for the same technological concept as FIG. 6B. Accordingly, Applicant has amended the specification to refer to FIG. 6, which contains the data of original FIG. 6A, instead of FIGS. 6A and 6B.

In view of the above, reconsideration and allowance of this application are now believed to be in order, and such actions are hereby solicited. If any points remain in issue which the Examiner feels may be best resolved through a personal or telephone interview, the Examiner is kindly requested to contact the undersigned at the telephone number listed below.

The USPTO is directed and authorized to charge all required fees, except for the Issue Fee and the Publication Fee, to Deposit Account No. 19-4880. Please also credit any overpayments to said Deposit Account.
